20世紀少年

Twentieth Century Boys

ともだち

浦沢直樹

Mankind would not have made the new age,
accelerating the pace at the end of the last century,
that almost wiped them out... if it weren't for "them".
In 1989, "they" who were still in their youth, created a symbol.
In 1993, as the footprints of the coming disaster slowly
start to show out, the symbol revives.
This is a story about several boys, that save the world.
